IDARAT TSO FOR TECHNICAL SERVICES

Company Profile

About Idarat TSO

Idarat TSO is a leading provider of technical design and optimisation services, strategically tailored to the unique needs of core industries: IT, Telecom, Power, Enterprise, & MEP.

Each sector faces distinct technological challenges, regulations, and operational complexities. By aligning our solutions vertically, we ensure a perfect fit for your specific requirements.

Our Vision

To be the region's most trusted single-source partner for human capital, technical services, ICT and business process outsourcing enabling our clients to scale confidently across the Middle East and beyond.

Our Mission

We combine global best practices with deep local expertise to deliver integrated solutions that reduce complexity, lower Total Cost of Ownership, and accelerate our clients' business outcomes across nine countries.

Technical Service Operations

Why Choose Us

01/04
END-TO-END CAPABILITY

From design and rollout to operations, maintenance, and support, we manage the full technical service lifecycle.

02/04
INDUSTRY EXPERTISE

Specialized capabilities across Telecom, IT, Power, Enterprise, MEP, and Low Current environments.

03/04
OPERATIONAL EXCELLENCE

Experienced teams and standardized processes ensure consistent quality, reliability, and performance.

04/04
SCALABLE DELIVERY

Flexible delivery models that adapt to project scope, geography, and operational requirements

01 /07

TECHNICAL
ROLLOUT

Deliver seamless deployment of telecom and ICT infrastructure through end-to-end installation, integration, and rollout services that ensure projects are delivered efficiently.

02 /07

TECHNICAL
Operation & Maintenance

Ensure continuous network performance and business continuity with comprehensive operations and maintenance, corrective support, & SLA driven field operations.

03 /07

NON-TECHNICAL
Support

Enhance projects execution with reliable non-technical support services covering logistics, warehousing, documentation, site coordination, & transportation

04 /07

Acceptance & Quality Assurance

Ensure quality and compliance through rigorous testing, inspection, and validation before project handover.

05 /07

Design & Optimization

Optimize network performance through expert design, capacity planning, & performance improvement.

06 /07

Environmental, Health & Safety

Promote safe and sustainable operations through EHS management, risk assessment, compliance, and training.

07 /07

Technical & HR Support

Support your projects with skilled professionals, flexible staffing, outsourcing, and HR solutions.

01/07

TECHNICAL ROLLOUT, INSTALLATION, & INTEGRATION SERVICES

Introducing Idarat TSO’s Technical Rollout, Installation & Integration Services, delivering efficient implementation of complex technical solutions across industries. From deployment to integration, our experienced team ensures seamless execution with solutions tailored to your business needs. We help minimise disruptions, enhance efficiency, and maximise the value of your technology investments.

01
NETWORK INTEGRATION:

We seamlessly integrate network components for unified management, enhancing performance and streamlining operations through expert strategies.

02
FIXED NETWORK:

Utilise intelligent access to build faster and more reliable networks, enhancing performance with innovative solutions.

03
GSM SITE COMMISSIONING & INTEGRATION:

Expertly commission and integrate GSM sites into your network, ensuring smooth expansion with minimal disruption.

04
STRUCTURED CABLING SYSTEMS:

Provide installation, testing, and certification of structured cabling, including CAT 5E and CAT 6 systems for complete connectivity.

05
INSTALLATION, COMMISSIONING, & INTEGRATION OF POWER SOLUTIONS:

We manage the full process of power solution implementa- tion, ensuring reliable integration and continuous operation.

06
BUSINESS SUPPORT SYSTEMS (BSS):

Implement and optimise BSS to streamline operations and enhance customer experience, driving business efficiency and growth.

07
NETWORKS ENERGY:

Offer hybrid, solar, and battery power solutions, providing efficient and sustainable energy systems for your network.

08
ELECTRICAL POWER SUPPLIES:

Provide hybrid energy systems, solar solutions, rectifiers, and batteries, with enclosures to protect and organise your power infrastructure.

02/07

TECHNICAL OPERATIONS & MAINTENANCE MANAGED SERVICES

Idarat TSO's Technical Operations and Maintenance Managed Services ensure smooth, efficient infrastructure performance through 24/7 monitoring, preventive maintenance, and troubleshooting. Using advanced tools, we manage IT networks, power systems, and security, enhancing operational efficiency and extending equipment lifespan. Our services ensure compliance with industry standards, allowing you to focus on your core business while we handle your technical operations.

01

GSM NETWORK DESIGN (Radio & Transport):

We design robust GSM networks for radio and transport, ensuring scalability, reliable coverage, and capacity expansion. We also assess infrastructure for expansion loads and provide BoQ for network upgrades.

02

GSM NETWORK MANAGED SERVICE:

We provide 24/7 O&M services for GSM networks, ensuring peak performance through proactive maintenance of both passive and active network elements, includ- ing radio base stations, transport nodes, and infrastructure.

03 /07

SUPPLY & LOGISTICS SERVICES (Non-Technical)

Streamline your supply and logistics operations with comprehensive non-technical services. From telecom infrastructure supplies to light civil-works materials, we provide efficient sourcing and material management tailored to your operational needs. Our expertise ensures a reliable, efficient supply chain, supporting seamless execution from procurement to final delivery.

01

PASSIVE TELECOM SUPPLIES:

High-quality copper and fiber cables, connectors, faceplates, DDF/ODF, patch cords, and racks to ensure reliable connectivity & efficient telecom infrastructure.

02

PASSIVE ELECTRICAL SUPPLIES:

Reliable power cables, connectors, distribution panels, LED lighting, and conduit solutions designed for safe and efficient electrical systems.

03

LIGHT CIVIL-WORKS SUPPLIES:

Structural materials including mounting brackets, beams, poles, H-frames, cable trays, and infrastructure components supporting safe & reliable site development.

04

TELECOM OPERATOR SERVICES:

Specialized support services for telecom operators, helping maintain reliable operations and optimal network performance.

05

B2B ENTERPRISE SERVICES:

Flexible services supporting business operations, infrastructure requirements, and organizational growth.

06

LOGISTICS & MATERIALS MANAGEMENT:

End-to-end logistics covering inspection, packing, transportation, inventory, and warehousing for secure and efficient material distribution.

04 /07

TECHNICAL ACCEPTANCE & QUALITY ASSURANCE SERVICES

Idarat TSO delivers comprehensive Technical Acceptance & Quality Assurance services, ensuring projects meet required standards for quality, performance, and reliability. From initial testing and inspections to final verification and handover, our experts identify risks, validate performance, and ensure every project is ready for successful operation.

01

REDUCED DOWNTIME & DISRUPTIONS:

Identify and resolve potential issues early to minimize downtime and maintain seamless operations.

02

IMPROVED NETWORK PERFORMANCE:

Verify installation and configuration to optimize performance and ensure reliable data transmission.

03

ENHANCED SECURITY:

Identify security vulnerabilities through quality audits, helping protect sensitive systems and infrastructure.

04

PEACE OF MIND:

Ensure infrastructure meets required quality, performance, and compliance standards.

05

GSM SITE QUALITY AUDITS:

Comprehensive site audits covering infrastructure, installation, and equipment to ensure optimal network performance.

06

ACCEPTANCE SERVICES:

Complete acceptance management, including audits, documentation, verification, & final customer handover.

07

STANDALONE QUALITY CONTROL:

Independent inspections, cabling verification, and signal testing to ensure consistent quality and reliability.

TECHNICAL DESIGN, NETWORK PLANNING & OPTIMIZATION

Idarat TSO delivers comprehensive Technical Design, Network Planning & Optimization services to enhance network performance, reliability, and efficiency. From design and capacity planning to optimization and performance monitoring, our experts develop scalable solutions that support evolving business needs and ensure consistent network performance.

01

NETWORK DESIGN:

Develop scalable network architectures tailored to current requirements and future growth.

02

NETWORK PLANNING:

Align network capacity and resources with business needs for efficient performance and expansion.

03

NETWORK PERFORMANCE OPTIMIZATION:

Analyze and fine-tune networks to improve performance, reliability, and user experience.

04

NPO (RADIO NETWORK PLANNING & OPTIMIZATION):

Optimize radio networks for coverage, capacity, and quality using advanced planning and performance tools.

05

TRANSPORT NETWORK OPTIMIZATION:

Enhance transport network efficiency, capacity, and resilience while reducing latency and bottlenecks.

06

IP / OPTICAL NETWORKS:

Design and optimize scalable IP and optical networks for reliable, high-capacity connectivity.

07

DRIVE TESTING:

Evaluate real-world network coverage, signal quality, and performance to identify areas for improvement.

08

DRIVE TEST POST-PROCESSING:

Transform drive-test data into actionable insights for faster troubleshooting & continuous network optimization.

IDARAT TSO ENVIRONMENTAL, HEALTH & SAFETY (EHS)

Idarat TSO delivers comprehensive EHS services across IT, Telecom, Enterprise, and Power sectors. Our tailored approach helps organizations manage risks, maintain regulatory compliance, protect their workforce, and create safer, more sustainable operations.

OEHS OUTSOURCING:

01

IT INDUSTRY:

Provide specialized EHS expertise to maintain compliance, reduce operational risks, and support safe technology environments.

02

TELECOM INDUSTRY:

Manage safety across telecom sites, minimizing workplace and environmental risks while ensuring regulatory compliance.

03

ENTERPRISE INDUSTRY:

Deliver integrated EHS support for corporate environments, promoting safe, compliant, and efficient workplaces.

OEHS AUDITS:

04

IT INDUSTRY:

Assess workplace practices and compliance to identify risks and strengthen safety standards.

05

TELECOM INDUSTRY:

Audit telecom sites to identify safety and environmental risks and ensure regulatory compliance.

06

ENTERPRISE INDUSTRY:

Evaluate corporate environments and safety practices to improve compliance and reduce operational risks.

PROFESSIONAL CONSULTING SERVICES (HCM)

Enhance your business operations with our expert consulting services tailored to Human Capital Management (HCM). Our comprehensive solutions are designed to optimize performance, drive strategic growth across various domains, and support your long-term objectives. Focusing on aligning people, processes, and technology, we deliver results that foster sustainable success and operational excellence.

01

PROJECT MANAGEMENT:

We ensure successful project delivery through detailed planning, governance, and risk management. Our audits cover project documentation, responsibility matrix, stakeholder analysis, and management plans.

02

SUPERVISION SERVICE:

We provide independent supervision services, ensuring adherence to quality standards and avoiding conflicts of interest, ensuring project integrity and operational efficiency.

03

NETWORK & TECHNOLOGY CONSULTING:

We offer strategic advice on technology and network solutions through market research, business assessments, and due diligence to harness the latest technologies for profitable business opportunities.

04

OPERATIONAL CONSULTING:

We help streamline operations by reviewing workflows, responsibility matrices, SLAs, and WLAs, ensuring smooth end-to-end processes.

05

CUSTOMER SUPPORT:

Our dedicated support team promptly addresses and resolves issues, ensuring a superior and seamless customer experience.

06

ION & REMOTE HUB SUPPORT:

We offer specialised support for ION systems and remote hubs, ensuring optimal performance and resolving technical challenges efficiently.

A Message
From Our CEO

Dear Valued Partners,

For more than 25 years, SIS Global has been committed to helping organizations grow through innovation, operational excellence, and trusted partnerships.

Built in Saudi Arabia and expanding across international markets, we combine global best practices with deep local expertise to deliver lasting business value.

Our mission has always been simple: to help organizations operate more efficiently, adapt with confidence, and achieve sustainable growth through a trusted long-term partnership.

As industries continue to evolve, we remain committed to excellence, investing in our people, embracing innovation, and building enduring relationships with every client we serve.

Thank you for your trust and continued partnership.
